Matt;

See below for responses.

Have you found out whether or not on-site water is suitable for concrete? Have you verified the Arch-Set Footer dimensions? What Hardware will be needed/ordered?

We would be looking at a minimum of 6-day weeks.

Dan

Dan

Three quick questions on the pricing:

- 1) What size excavator are you planning to bring? **CAT 315 or larger. Depends on what is available out of Durango, CO**
- 2) Will Brent be onsite, or just Clay, Travis and Bill? **Either myself and/or Brent; Travis and Bill. Depending upon timing of other projects – Clay as well.**
- 3) \$200/person/day for per diem? **Yes, it is Silverton.**

Also, if we delayed the start until the 10th would you be OK? **Yes.**

Matt
